Worth a Look

De La Terre Skincare®

The herbal compounds in, De La Terre Skincare's Herb Rich Body Serum provides the body with protection and repair without preventing the natural elimination of

toxins through the skin. This highly therapeutic body conditioner is especially effective in relieving heaviness in legs by reducing swelling and moving stagnant lymph. Its benefits are comforting for clients that are diabetic, on multiple medications, or pregnant.

Edge Systems

Edge Systems has just introduced the new UV Smart™ Daily Sunscreen to its HydraFacial™ Daily line. This sunscreen goes beyond basic sun protection by not only providing broad-spectrum UVA and UVB protection, but it also helps with anti-aging. UV Smart™ Daily SPF 30 uses powerful zinc oxide to protect against damaging UVA and UVB rays while antioxidants such as vitamins A, C, E, CoQ-10, and green tea extract help to combat free radicals and environmental damage.

Exclusively Aesthetiques

Moisturizing SPF 30 with Green Tea Complex – this aloe-based moisturizing formula combines the newest biotechnology to deliver high UVA and UVB protection with anti-inflammatory ingredients, wrinkle fighting peptides as well as antioxidant factors from green tea and lipoic acid, and it is paraben free. This SPF 30 formula is gentle enough to be used even on clients with Rosacea, highly sensitive, and reactive skin.

Formulary for Physicians, Inc.

Crystal Peel Microdermabrasion Exfoliating Soap Bar delivers the benefits of microdermabrasion to the bath or shower. This

lemongrass scented bar is intended for men and women. It is an excellent home care companion for keratosis pilaris, folliculitis, and a

great adjunct to cellulite treatments. It stimulates, revitalizes, and evens out discolorations to reveal smooth, younger-looking skin.

Gilden Tree

Gilden Tree Hand, Nail & Cuticle Salve is a rich, all-natural blend of shea butter, certified organic aloe, sunflower seed oil, and jojoba. Salve comes in a 2 oz. flip top tube, that is easy and convenient. Extremely concentrated – a little goes a long way, and it is an irresistible retail item: guests love the Kiran Forest scent.

Guinot Paris

Stretch marks are found on the bust, abdomen, hips, thighs, and anywhere else skin easily stretches and they occur usually because of rapid weight loss or gain. Stretch marks occur at two levels: at the epidermis, where cells lack cohesion and at the dermis, where elastic fibers loosen and become fragile. As a result, there is a lack of supporting elastic tissue and the skin becomes easily stretchable.

Crème Spécifique Vergetures uses Crelastine B, Sepilift, Hydrocyte Complex, and vitamin E to help combat this. This product can be used daily to give the body a satiny feel and get you ready for the summer months! 800-523-1030 or www.guinotusa.com
