## 5 Star Formulators

The Soothing Aromatic Gel and Pore-Repairing Cream combine innovative ingredients to prevent ingrown hair, reduce hair re-growth, and heal inflamed or reddened skin. It also restores elasticity to roughed-up pores. It's perfect to use after shaving, waxing, electrolysis, or laser hair removal. 888-200-3977, [www.5starformulators.com](http://www.5starformulators.com), CRR# 156

## Alexandria Professional Sugar Paste

Developed from an ancient Egyptian recipe, using all natural ingredients to give your clients. Alexandria Professional Sugar paste consists of primarily sugar, water, and lemon juice. The professional sugar paste has a texture that is soft and pliable to allow for the shortest and softest hair to be extracted out of the follicle. 800-957-8427, [www.alexandriaprofessional.com](http://www.alexandriaprofessional.com), CRR# 209

## Caron Laboratories

Viva Azure: Azulene Wax is soothing azulene, hypoallergenic resin, and low melting point. Viva Azure, the electric blue hard and strip wax prevents allergic reactions and burning of the skin, and offers a beautifully smooth finish for body and facial waxing. 800 689-0499, [www.arcskincares.com](http://www.arcskincares.com), CRR# 301

## Danne Montague-King

Beta gel is an amazing formula particularly for reactive, inflamed skin. The transdermal serum has been formulated with the most potent beta glucan extract. Beta glucan immediately boosts the skin's immune defences, reducing inflammation, and allowing skin cells to fight back from trauma. Beta gel is vital for healing, as well as protection against premature aging by combating free radicals. 888-326-6348, [www.dannemking.com](http://www.dannemking.com), CRR# 298
