AMERICAN EDITION

LNE & Spa—the magazine for skin care and spa professionals March 2011 \$7.50

IN RECENT YEARS, ENVIRONMENTAL consciousness has become a widespread value in the spa industry. Successful spas of the twenty-first century are committed to being green. Using sustainable products and following eco-friendly business practices is essential, as

many of today's clients expect no less. Make sure the selection on your back bar and retail shelves meets their standards. The following pages of LNE & Spa's 2011 "Simply Green" feature highlights many of the exciting new innovations on the green spa market. ➤

#### 5. STEAMY SENSATION

An everyday shower can be turned into a spa experience with the **Sweet Peppermint Aromatherapy Shower Infusers** from **Bath by Bettjo**. The vaporizing tablets are packed with pure peppermint essential oil, which is activated by the shower water to release relaxing aromatherapy vapors. #### 6. EARTH'S REMEDY

**De la Terre Skincare's Herb Rich Clay** infuses nature's purest clay enzymes with organic botanicals to gently exfoliate and revive skin texture, relieve inflammation, nourish tissue and detoxify blemished skin. There are four different formulas to address specific skin types and conditions: Rescues Wounded Skin, Purifies Blemished Skin, Supports Healthy Skin and Comforts Inflamed Skin. #### 7. COLON CLEANUP

Constipation sufferers can find safe and natural relief with the help of **Eliminaid™** from **Lotus Moon**. Herbs in the capsules enhance hydration and flush loosened matter out of the colon, achieving complete elimination in times of need, says the company. #### 8. HOLE IN ONE!

The **Skin Savior Waterless Multi Balm** from **One Love Organics™** is designed to do it all—cleanse, moisturize and condition. The powerful formula of pure, cold-pressed plant oils and extracts breaks down dirt and makeup, clearing out pores without stripping skin of its protective layer.
